CWD Awarded Burleson Recycling Contract

Dallas, Texas – November 13, 2007 - On November 08, 2007, Community Waste Disposal was awarded a recycling contract by the City of Burleson. The contract provides weekly residential curbside service in 18-gallon recycle bins beginning January 07, 2008. CWD's progressive approach to recycling is evident in this revenue sharing venture encompassing the city's 11,000 residents.

With discussions of curbside recycling beginning more than 10 years ago, CWD is proud to be a partner to the City of Burleson with this innovative program. Greg Roemer, President of CWD states, "I am excited to see CWD expand its' all-inclusive residential recycling collection to South Tarrant County. " The long time public drop off location will remain in operation. This, coupled with the one time per week collection schedule and proceeds being collected by the city, spells a win-win situation for everyone.

Community Waste Disposal is the largest privately owned waste disposal company in the Dallas / Fort Worth metroplex. CWD services numerous Dallas/Fort Worth premier apartment, hi-rise and commercial accounts as well as many DFW municipalities .
