**On December 12, 2008, Community Waste Disposal was awarded the 2008 Little Elm Business of the Year. This accolade is bestowed upon the business that shows the highest level of community involvement including volunteerism, support of local programs and activities that enhance the quality of life within the Town of Little Elm.**

**Robert Medigovich accepted the honor on behalf of all CWD employees, recapping the growing relationship between Little Elm from 1998 to present. Greg Roemer, President of CWD states, "I am very pleased and honored that the Little Elm Chamber chose CWD for this prestigious award. We strive to be a good partner with Little Elm and it is very humbling to be recognized in such a way." This is the second Business of the Year Award CWD has received, including one from the Frisco Chamber in November 2006.**
