### **Dallas County WCID #6 Awards CWD Contract for city of Balch Springs**

Dallas, Texas – August 15, 2007 - Community Waste Disposal has been awarded a 5 year contract by Dallas County Water Control and Improvement District #6 to provide residential and commercial trash and recycling services for the city of Balch Springs. The contract is unprecedented with a mere 12 day lead time with service beginning on August 27, 2007. CWD has mobilized a team to purchase, assemble and deliver 6,000 residential carts and more than 370 commercial dumpsters. Despite the compressed time frame, CWD President Greg Roemer has assured Dallas County WCID #6 General Manager, Don Hamon, a seamless transition.

Greg Roemer, President of CWD, states, “We fully appreciate the challenge of entering into this contract and expect to meet and exceed expectations.” Don Hamon, continues, “CWDs’ top notch and very professional staff shows a willingness and eagerness that excites us. I feel CWD and Dallas County WCID #6 will take solid waste collection to a new and more effective level for the city of Balch Springs.”

Community Waste Disposal is the largest privately owned waste disposal company in the Dallas / Fort Worth metroplex. CWD services numerous Dallas/Fort Worth premier apartment, hi-rise and commercial accounts as well as many DFW municipalities .
