Recycling Drives Ovilla Contract With CWD

On October 27, 2008 the Ovilla City Council unanimously voted to award Community Waste Disposal a 5 year contract with 2-1 year extension options for waste and recycling services in their community. Effective December 01, 2008, CWD will begin providing residents with trash and 95 gallon recycling collection as well as on-call bulk and brush pick up. Comprehensive commercial services are also included.

The Ovilla contract continues to showcase the trend of citizens, communities and cities demanding cohesive recycling and waste management programs, the recycling initiative being paramount on their list of priorities. With CWD, that need is addressed and fulfilled for more than 12 Municipalities in Collin, Tarrant and now Ellis County.

Community Waste Disposal is the largest privately owned and most comprehensive recycling, MSW collection and processing company in the Dallas/Fort Worth metroplex. CWD services numerous Dallas/Fort Worth premier apartment, hi-rise and commercial accounts as well as many DFW municipalities.
