CWD Awarded 5 Year, \$10,000,000 Wylie Contract

On June 24, 2008 the Wylie City Council voted unanimously to award Community Waste Disposal the 5 year waste and recycling contract worth more than \$10million dollars. The franchise contract begins September 01, 2008, providing residents with 1 time per week, 95 gallon cart trash and recycling collection as well as on call bulk and brush pick up. Comprehensive commercial services are also included.

The Wylie contract shows that there has been a change of direction with citizens demanding cohesive recycling and waste management plans. Greg Roemer, President of CWD states, " The City of Wylie chose to make a change in their solid waste and recycling provider for the first time in 21 years. A group of residents overwhelmingly recommended CWD of Dallas to introduce their community to 95 gallon cart recycling along with benefits of solid waste, bulk, and brush services."

CWD has been a driving force in waste disposal for Collin County for many years. Long term partnerships with the cities of Allen, Frisco and Little Elm anchor the company with their innovative approach to ever-growing municipal needs.

Community Waste Disposal is the largest privately owned waste disposal company in the Dallas/Fort Worth metroplex. CWD services numerous Dallas/Fort Worth premier apartment, hi-rise and commercial accounts as well as many DFW municipalities.
