

We are CWD - Community Waste Disposal - the largest privately owned waste management company in the DFW Metroplex. We got that way by providing first class service and equipment for our clients. From the very beginning in 1984, we've worked hard to develop a reputation for reliable, on-time service, while offering one of the widest selections of hauling schedules, equipment and recycling programs in the industry. We do whatever it takes to meet the needs of our clients.
